Remote Full-Stack Developer | PHP, JavaScript, Unity (WebGL) | EdTech & Games

Passionate about crafting immersive learning experiences and building clean, efficient systems — from back-end APIs (PHP, SlimAPI, OAuth2) to interactive front-ends (JavaScript, Unity, WebGL).

A patent-holding innovator and remote-ready leader with deep experience in FERPA/COPPA compliance, development pipeline optimization, and cross-platform architecture. Looking for a full-time remote opportunity in games or edtech, to apply my skills to help teams education, interactivity, and web tech.

SKILLS

Programming: PHP, Javascript, C#, Java, ActionScript 3, Python, and C/C++

Development Software: *Visual Studio Code, Visual Studio, Xcode, Eclipse, IntelliJ/Android Studio, Git, GitHub, GitLab, Trello, Slack, and Jira*

Other Software: *Ubuntu Linux, Figma, Adobe Creative Cloud, Google Workspace, Microsoft Office, and Document Foundation's LibreOffice*

WORK EXPERIENCE

KILLER SNAILS, Brooklyn, NY

Sep 2017 – Present

Director of Software Development

U.S. Patent 11763691, "*Method and learning system platform for extended reality digital hybrid education*", Sep 2023

Develop educational games and tools for evaluating their efficacy.

- Produced XR experiences using Unity that target Google Cardboard on iOS and Android.
- Developed systems connecting XR & websites to allow real-time monitoring of student learning.
- Integrated third-party APIs for classroom management systems.

ABATTOIR SOFTWARE LLC, Howell, NJ

Jul 2008 – Present

Owner / Programmer

Remote contract programming and consulting services.

- Modified Flash UIs, allowing communication with other SWFs.
- Developed PHP scripts connecting Flex interfaces to MySQL databases.
- Created cross-platform applications using Flex for web, desktop, and mobile.

BLOOMFIELD COLLEGE, Bloomfield, NJ

Jan 2009 – May 2022

Adjunct Professor

Taught game programming courses including Unity, XNA/C# and to ActionScript 3 for Flex, Flash and AIR to adapt to current languages and tools.

- Led Unity classes from beginner to advanced levels, covering AI and gameplay mechanics.
- Guided students in group projects simulating real-world game development workflows.
- Provided insight into industry-standard software and practices.

PROFESSIONAL MEMBERSHIPS AND RECOGNITIONS

- Member of the International Game Developers Association (IGDA) since 2006
- Presenter, New Jersey Chapter of the IGDA
- IGDA Game Developers Conference 2007 Scholarship recipient
